

# Monitoring Wych elm populations in Southern Apennines.

Pecori F.<sup>1</sup>, Bottacci A.<sup>2</sup>, Migliorini D.<sup>1</sup> and Santini A.<sup>1</sup>

# Glacial refugia

Small populations

- Fragmented
- Isolated
- Presumable high intraspecific genetic variability
- Rich in rare alleles

RESURGENCE OF DED

CLIMATE CHANGE

Monitoring and sampling.

Static conservation in situ

# Dynamic conservation ex situ

Thanks for your attention!

This presentation is dedicated to my friend and colleague Abel who died prematurely.
